My son/daughter _____ desires to play on the team, which is sponsored by Sacred Heart. I understand the participation in carries with it the inherent risk of injury, therefore, I hereby release Sacred Heart Athletic Department, Sacred Heart Southern Missions, Sacred Heart School, and any coaches and volunteers that help with the team, from any liability for any injury which my child might experience while playing on the team. I understand that to be eligible to participate the student's must not have a failing grade in any subject. Students who have failing grade are ineligible from both practice and games until the next progress report or report card is issued (whichever comes first).

We believe that every student, regardless of athletic ability, can grow and benefit through participation in interscholastic athletics. To this end SHS has a no-cut policy. Every student who wants to play will have the opportunity. This does not guarantee a specific amount of playing time. Playing time is based on attitude, attendance and ability. Coaches determine that student athletes who more often contribute to the goals of the team will play considerably more than other members of the team, particularly the older teams.

Sacred Heart School takes pride in providing a Catholic environment for all students. Athletics is a great avenue to showcase our sportsmanship and put into action our Christian values. Students are encouraged to participate in all academic and extra-curricular activities in order to find and develop their God given talents. Our sports teams participate in the Parochial Athletic Association (PAA) established by the Catholic Diocese of Memphis. There are several age divisions within this association. Middle school does move to a more competitive format. The rules of the PAA for middle school do not require equal playing time like the Charlie Brown and Lucy division of the PAA. We adhere to those standards. We encourage everyone to participate but by signing this form, you are acknowledging that playing time is not equal. If you would have any questions then I would ask you reach out to me and I will field any of your questions.

It is important to note that you will be assigned game day tasks. You will not be required to work every game but we do ask you make an effort to work your assignment. Volunteers are essential to our operations and we appreciate your help. We are trying to prevent one group of class parents from doing a majority of the work. Again, I am available to answer any questions.
